AMERICAN CONTROL ELECTRONICS

DC & AC ELECTRONIC DRIVE CONTROLS

ABOUT ACE...

AG-I MotorTec Inc. is proud to announce our association with ACE. **American Control Electronics (ACE)** is an electronics manufacturer located in South Beloit, IL and parent company for the Minarik Drives brand. American Control Electronics designs and produces a wide variety of DC & AC electronic control systems and power products used in industrial, commercial, EV, medical, and home automation markets. American Control Electronics has also developed several "Green" products that control motors from battery and/or photovoltaic power. The Minarik Drives brand has a 60-year reputation and is the standard for products in its class. American Control Electronics designs unique product solutions to meet the specific needs of its customers. All products are designed and built in the United States location, which is both ISO 9001:2008 registered and UL508A certified.
